The Royale Collections Group held an event for young people with special needs

The Royale Collections Group held an event for young people with special needs and their families on Thursday May 26, 2011.

The function took place from 4 - 7pm at the California Beach side and was attended by over 60 children and young adults with special needs, as well as their families, their carers and members of the Special Families Support Group.

Games, music and art classes were put on for the children's entertainment. There were bean bags for them to sit on and the hotel provided party food and refreshments.

One of the special needs children – Sung Yu from Korea, celebrated his 7th birthday on the day, choosing to spend it with members of the SFS, instead of his friends.

John, a 22-year-old hotel receptionist from London is another who was celebrating a birthday. He told how she was very excited to be spending it with members of the Special Families Support Group.

Established in December 1999, the group was formed to allow families that have members with special needs, to meet and share their experiences both with others in similar situations and those who simply want to gain a better understanding of special needs.
